## A DAY'S DOINGS IN ARIZONA

### LOGGER KILLED NEAR FLAGSTAFF

FLAGSTAFF, May 20.—Mert Kennedy, a lumberjack formerly employed by the Saguaw & Manitowish Lumber company at Camp 3, north of Belmont, fell from the wheels of an east-bound freight train about 5 o'clock yesterday morning near the oil tanks, and was literally cut to pieces.

Kennedy had been drinking heavily during the night previous and told some of his friends he intended going to Yuma. It is presumed that he attempted to board the freight as it was pulling out of the east end of the yards when he fell underneath the wheels. He was about 33 years of age and had worked in the woods here for the past five or six years.

Don't forget the dance tonight at Maurel hall, given by the Cactus club.

A great many people imagine they have heart trouble when the fact is that the whole trouble lies in the stomach. The pains in the side around the region of the heart are not necessarily heart trouble. We suggest that you start with the stomach and whenever you feel a depression after eating or wherever your food seems to nauseate take Kodol. It will not be very long until all these "heart pains" will disappear. Take Kodol now and until you know you are right again. There isn't any doubt about what it will do and you will find the truth of this statement verified after you have used Kodol for a few weeks. It is sold by Hanna's drug store, 228 Broad street.

### Stop That Cold

To check early colds or Grippe with "Preventics" means sure defeat for Pneumonia. To stop a cold with Preventics is safer than to let it run and be obliged to cure it afterwards. To be sure, Preventics will cure even a deeply seated cold, but taken early--at the onset stage--they break, or head off these early colds. That's surely better. That's why they are called Preventics. Preventics are Little Candy Cold Cures. No Quinine, no physic, nothing sickening. Nice for the children--and thoroughly safe too. If you feel chilly, if you sneeze, if you ache all over, think of Preventics. Promptness may also save half your usual sickness. And don't forget your child. If there is feverishness, night or day. Heroin probably lies Preventics' greatest efficiency. Sold in 2c boxes for the pocket, also in the boxes of 48 Preventics. Insist on your druggist giving you
